

**WOMEN'S FEDERATION**  
FOR WORLD PEACE INTERNATIONAL

---

January 15, 2021

Dear Mrs. Karoline Hofbeck,

Greeting from WFWP International.

On behalf of WFWPI, we would like to express our sincere gratitude for the unconditional labor of love and service you have shown in your work toward realizing sustainable peace in your region and the world.

Starting from January 2021, WFWPI initiated a new annual award to honor our outstanding volunteers, and it is with great pleasure to announce that you are the first representative selected for the award in South America.

Without a doubt, WFWP volunteers are role models of unconditional love, who are making history and building a foundation for WFWPI by generously donating their time, efforts, prayers, and skills to realize the Founders' vision of one global family.

We are grateful for your endless work that has brought an enormous impact on the lives of people in all corners of the world.

Thanks to the continuous contributions and devotion of our WFWP volunteers, WFWPI received recognition as a UN NGO in General Consultative Status in 1997 and has proudly maintained that status until today.

Once again, please accept our heartfelt gratitude.

May God's blessing be with you, your family, and your nation.

Sincerely,

Julia H. Moon, International President

Sun Jin Moon, Senior Vice-President
